No Wiring No electricity!

Solar Motion Sensor Light

Features:

SensLights solar garden lights source chip from Senslights ,golden wire,BSOB wire bond.

Mon crystalline solar panel, we only use grade A solar.
Die casting aluminum, electrostatic spraying for salt spray proof.

Intelligent light control and timer control. The light switch on in the evening and switch off in the morning by detecting the day and night.
The lighting time and power is customizable.

More than 36H autonomy with lithium battery inside .100% safe. No explosion risk. Optional LiFipo battery

Easy installation. No trenching and cabling. Money saver.

Nobody does lighting quite the way SensLights does, which has championed the use of LEDs in everything from domestic bulbs to its versatile Hue smart lighting. Its solar lights are brighter than most rivals and come in various styles such as downward-facing posts, upward-facing lights and more industrial wall-mounters.

This wall light has a big solar panel on top, meaning you get more light for longer from the LED for a good six hours. It's simple to set up and has great build quality. You can also choose a version with a built-in motion sensor. Strong enough to easily see if that's an olive or a beetle in your salad.

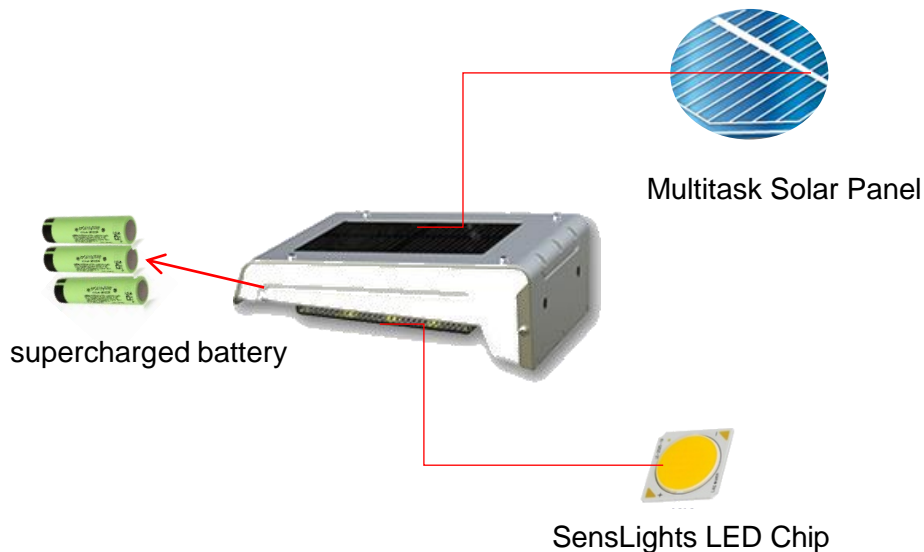

Solar Motion Sensor Light

Technology Parameters :

- 1, Solar panel :0.66W
- 2, LED :16pcs ,1W, 120lumens (Natural led color : Pure white)
LED life span:+50000hrs
- 3, Charging Method : Solar power
- 4, Charging time :6-8hrs
- 5, Battery : Built-in Li-ion Polymer Battery 800mAh
- 6, Material : ABS + aluminum shell
- 7, IP level : 65
- 8, With PIR motion sensor and light sensor
- 9, Working Temperature: -25°C to 65°C

Product size:135*90*45mm

No Wiring No electricity!

Solar Motion Sensor Light

Features

1. Easy installation, no traditional wiring required, anti-thief design, very convenient to use.
2. The Solar Wall Lanterns body is designed with a AAA battery box, can replace the battery with simple operation.
3. Solar panels provide energy, ultra low-storage products without security risks.
4. Interactive design, PIR and light induction alternate working, can save more energy than the general energy-saving lights.

Application

Utilized the premium quality crystalline solar cells, environmentally friendly Li-ion battery and high quality LED lights, the Innovative Solar Wall Light now is able to provide the wide range usage with the pure solar energy:

Garden light, Garden Fence light, Corridor light, Decorative light, Outdoor light, Mailbox light, Address light, Wall light, Storefront light, Emergency light, Park light, Court light, Road light and etc.

RGB Solar LED Table Light

1. Maintenance / Cleaning

Switch off the luminaire before maintenance and cleaning.

Repairs should only be carried out by qualified persons and using genuine spare parts. Inappropriate repairing could cause significant danger.

WARNING:

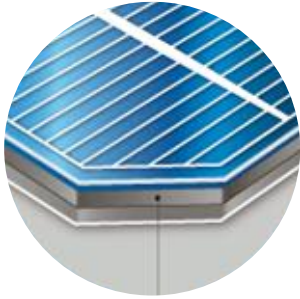

The use of any accessory not specified in this manual may present a risk of personal injury. Cleaning of solar panel in summer / winter Changing rechargeable battery Long-time storage (exposure to light, charge/discharge cycle)

If you need any support please contact: support@senslights.com

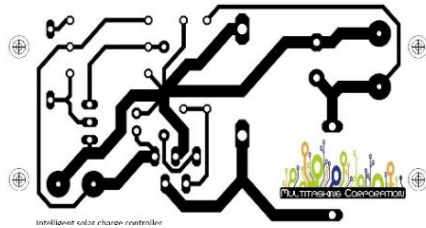

2. Others (Service, Repairing, Guarantee, etc ...)

-Have your product repaired by a qualified person This electric product is in accordance with the relevant safety requirements. Repairs should only be carried out by qualified persons using original spare parts, otherwise this may result in considerable danger to the user. - Please contact the SensLights store which you bought the product for after sale services if any. Or contact: support@senslights.com
